## OBJECTIVE

To pursue a job opportunity in a competitive environment that challenges me to push my boundaries and expand my knowledge in the field of computer science while contributing to the growth and success of the company. Currently pursuing a Bachelor of Engineering in GSMCOE, Pune. at Savitribai Phule Pune University, I aim to leverage my skills and academic background to add value to the company's dynamic environment.

## EDUCATION

**Bachelor of Engineering in Computer Science Engineering** Dec 2021 - Present  
Genba Sopanrao Moze College Of Engineering, Balewadi, Pune  
Pune University **SGPA:** 7.95/10.00

**Higher Secondary Certificate (HSC)** June 2019 – Oct 2021  
Kranti Jyoti Uchcha Madyamik Vidyalaya, Jawala  
**Percentage:** 94.67%

**Secondary School Certificate (SSC)** June 2013 – June 2019  
Shree Chatrapati Shivaji Vidyalaya, Jawala  
**Percentage:** 87.60%

## SKILLS

**Programming Languages:** HTML, CSS, Python, C++ , Java

**Technical Skills:** GitHub, Workbench, Spring Boot, Postman.

**Database:** MySQL

**Communication Skills:** English, Hindi, Marathi

**Operating System:** Windows,Linux

## PROJECTS

### Car Rental Management System

*Major Project*

- Developed a comprehensive Car Rental Management System that streamlines the process of renting and returning vehicles. The application features a user-friendly interface for customers to view available cars, rent them, and return them after use.
- Gained practical experience in software design and database management using Java and SQL.
- Technologies used: Java, MySQL, Workbench.

### Sales Price Prediction using Machine Learning

- Worked on a data science internship project to predict sales trends using machine learning techniques.
- Cleaned and processed large datasets, applied feature engineering, and implemented models such as Linear Regression and Random Forest to forecast sales.
- Evaluated model performance using R-squared and Mean Absolute Error, optimizing predictions for future sales planning and decision-making.
- Technologies used: Python, Pandas, scikit-learn, Matplotlib.

## INTERNSHIP

**Python Programming with DSA** Aug 2023 - Oct 2023

**Web Development, LetsGrowMore** Oct 2023 - Nov 2023

**Data Science Internship, OasisInfobyte** Jan 2024 - Feb 2024
